REMARKS

Applicants have amended the claims and submitted a Summary at the request of the Examiner in order to place this application in condition for allowance. The reason for canceling claims was to expedite the issuance of this application. Applicants reserve their rights to continue prosecution of the cancelled claims in continuation applications.

Amendments to the Specification

Applicants have added a summary to the application as requested by the Examiner. Applicants believe that no new matter has been added by the addition of the summary.

Amendments to the Claims

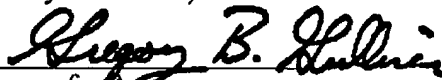

Applicants have amended independent claims 1 and 29, while canceling dependent claims 2, 3, 30 and 31. Applicants have also amended dependent claims 4 and 32. The elements contained in dependent claims 2 and 3 are now in amended independent claim 1, and elements contained in dependent claims 30 and 31 are now in amended independent claim 29. No inference about the cancelled claims should be made, other than they were cancelled to expedite the issuance of this application.
